Lee O'Neil Browne, one of the Democrats, who helped elect Lorimer to the Senate a few years ago, is still in the Illinois House and went on the warpath Thursday and "cussed out" the Speaker who bears the distinguished name of Wm. Senator Works of California Thursday attacked present day journalism and the newspapers of the United States in a speech in support of his bill to make it unlawful for District of Columbia newspapers to publish details of crimes, accidents and tragedies. He introduced a similar bill last session, but it was not acted upon. The senator evidently overlooks the fact that newspapers are business enterprises and publish such news as the public demands.

Judge Stout, of Frankfort, has granted a mandamus to compel the Prison Commission to issue a parole to J. C. Smith, of Hardin county, who was sent to the Eddyville prison for from two to twenty-one years under the indeterminate sentence law for manslaughter, and after serving two years with a good record refused a parole and sued for habeas corpus. If Judge Stout's decision is upheld by the higher court it will result in hundreds of prisoners, who have served their minimum sentences with good records, being released.

The country is waiting with growing impatience for the Bureau of Public Health to make a report on the Friedmann tuberculosis culture submitted to its designated surgeons on March 8. The impression is growing that Dr. Friedman is having to fight prejudice backed by the authority of the government in the introduction of his remedy. Those acting for the Department of Public Health make the entirely unreasonable demand that Dr. Friedman turn the secret of his discovery over to them as a condition of the right to use it in the United States. This hard bargain is being driven with the German scientist, although the country is being flooded with other so-called cures that are being sold to a gullible public apparently without the government's approval. A great many people believe that Dr. Friedman's remedy has positive merit. No one charges that it is harmful. Sufferers are begging to be allowed to buy it and the United States government should see that a proper decision is made in so important a matter at once, if it is necessary for Congress to act.

LAND MARK
TO STAND

But Will Undergo Some Great Changes and Be Modernized.

HISTORIC HOOSER CORNER.

First Three Story Building Ever Erected in Hopkinsville.

The last but one of the old landmarks on Main street is to undergo so many changes that it can in a sense be said to have disappeared when the transformation is finished.

We refer to the three-story building at Main and 8th streets, known as the "Hooser building," erected not earlier than 1853 by David J. Hooser, at that time one of the leading business men of Hopkinsville. He was at the time an extensive manufacturer of tinware and probably the first man to sell cooking and heating stoves here. His business grew to such proportions that he tore down his old log and weather-boarded house and built the brick 3-story house now to be modernized.

The third story was for more than a quarter of a century used by the Masons as a lodge room, the second being cut up into small rooms for offices, etc., some of them also being reserved for storing tinware as it was manufactured. In the early history of the building, merchants in the surrounding country towns bought all their tinware from Mr. Hooser. The walls being of brick and the roof of metal, the destructive fire of 1882, when something like a quarter of a million dollars worth of property went up in smoke, could not make its way further down Main street.

C. R. Clark & Co., who have been occupying the building for several years, are arranging to surrender the property by the first day of May. Mr. John B. Trice bought the building two years ago. It is his purpose, we understand, to completely overhaul the building inside, and outside, too, as far as possible without removing the walls. The plans have about been completed and the work of remodeling is to be commenced as soon as practicable. The changes will cost several thousand dollars, but when completed it will be a modern up-to-date furniture store, all three stories to be used for the business.

CLEAN UP DAYS

City's Spring Cleaning In Progress Under Direction of Civic Improvement League.

The work of cleaning up the city was begun yesterday under the direction of the Civic Improvement League, headed by Mrs. Ira L. Smith and Mrs. F. P. Thomas. Sanitary Inspector W. E. Shanklin is superintending the work with nine wagons kept busy hauling off garbage. The work will continue today and possibly a day or two next week.

THREATS BY
NIGHT RIDERS

Tobacco Plant Beds are Scraped and Warnings Are Left.

BLOODHOUNDS TRAIL A MAN

"We Will Get Your Blood," Farmers Who Sold Outside The Pool Told.

Paducah, Ky., April 18.—Twelve tobacco plant beds in the vicinity of Iuka, in the southwestern part of Livingston County near Dycusburg, were scraped Tuesday night according to reports received here. Warnings were left for the growers not to attempt to replant the beds or they would return and get their blood.

It is believed that a delegation of night riders did the work, as during the troublesome period several years ago Dycusburg was the center of numerous activities. It was at Dycusburg that Henry Bennett received an unmerciful whipping that later resulted in his death.

Practically all of the tobacco in that section is held in the pool, and the growers whose plant beds were scraped had sold their crops outside the pool. Bloodhounds were taken to the scene and one man was trailed to his house. The Livingston county grand jury will make a careful investigation.

The plant bed of Mrs. Walker, a widow, was scraped and the following note left: "You and your crop are forbidden to raise any tobacco this year and if you do we will get your blood." The plant bed of Will Koon was scraped also. Other names could not be secured.

Church." The Moderators are Rev. F. M. Petty, Methodist; Rev. C. W. Knight, Baptist, and Hon. Marion Pogue of Crittenden County. The debate was concluded Friday afternoon. There was no decision. About thirty ministers were among those who attended the debates. Rev. C. M. Thompson, pastor of the First Baptist Church of this city, was present throughout the debate which lasted four days.

CLOSE VOTE
OF DAUGHTERS

Deadlock All Day Last Thursday in Election of Head.

THREE CANDIDATES IN RACE.

Mrs. Story Within 16 Votes of Election On Second Ballot.

Washington, April 18.—Mrs. William Cumming Story, of New York, head of the conservative party, failed by six votes of the majority necessary to elect her president-general of the society of the Daughters of the American Revolution on the second ballot which began today and closed late last night. The vote stood:

Mrs. William Cumming Story, 574
Mrs. John Miller Horton (administration candidate), 542.

Another ballot will begin when the continental congress reconvenes today.

None of the candidates for the seven vice-presidents-general remaining to be elected received the necessary majorities and they, too, will have to be balloted upon again today.

At a late hour there was no intimation as to whether Mrs. Bryan would withdraw from the race.

Aside from the casting of the second ballot there was little interest in the proceedings of the congress.

Delegates elected the following state regents: Colorado, Mrs. W. S. Tarbell; Connecticut, Mrs. John L. Buel; Georgia, Mrs. Sheppard W. Foster; Michigan, Mrs. Arthur Maxwell Parker; New Jersey, Mrs. Charles B. Yardley; New York, Mrs. William S. Ausbury; North Carolina, Mrs. William N. Reynolds; Rhode Island, Mrs. Clovis H. Bowen; South Dakota, Mrs. Edwin B. Keaton; Delaware, Mrs. George C. Hall; Nebraska, Mrs. Warren Payne; Pennsylvania, Mrs. Henry H. Cummings; Missouri, Mrs. George B. MacFarlane; Illinois, Mrs. George A. Lawrence.

This afternoon the delegates were received by President and Mrs. Wilson in the White House.

Three vice presidents were elected yesterday, one of them Mrs. R. H. Cunningham, of Kentucky.

PRESIDENT BIBLE

Of Kentucky Manufacturers Association Discusses Rates.

Louisville, Ky., April 18.—That manufacturers cannot be induced to enter Kentucky because of prevailing high freight rates was one of the contentions set up by President John F. Bible in his annual address to the Kentucky Manufacturers' Association. Freight rates in other states Mr. Bible said, are from forty to seventy-five cents lower than in Kentucky. Transportation companies must be coerced to do the right thing by the state, the speaker said. One hundred members are at the convention, which will wind up with a banquet this evening.

Y. M. C. A. TO
REORGANIZE

Very Enthusiastic Meeting and Pledges Secured Thursday Night.

THE OLD BOARD WILL MEET

Campaign For Members and Money is to Be Made Soon.

That a Y. M. C. A. organization is needed here, no one will deny. It is, in fact, one of the city's greatest needs. Now that interest has been revived it is well to consider the situation.

The large building on Ninth street has never been completed, though the basement and first floor are occupied. How soon can possession be obtained and by what process? The next thing to do is to effect a new organization. Have the young men of the city interest enough in the matter to get down to work and perfect it? It is with them. The older citizens will undoubtedly do their part in the way of financial aid, or in any way, when they are assured that the young men will stick together.

We should have had a live organization years ago. It is to be regretted that matters were allowed to drift along without some one to lead and finally pass out of existence.

Many of our citizens encouraged the scheme by liberal contributions and would have given more when called upon. The late John C. Latham, recognizing the need of the organization, gave his word that when the building was completed he would equip the gymnasium. That promise would have been made good at any time before his death.

The conditions today ought to be looked squarely in the face. If they are favorable the work should be pushed right ahead before apathy again takes possession of the most enthusiastic and strangles the scheme almost at its revival.

An enthusiastic crowd of 25 or more young men gathered at the rooms of the H. B. M. A. Thursday night and talked over the situation. Practically all present pledged themselves, after being recognized as members of the old organization, to use their best efforts to reinstate the Y. M. C. A. and begin active operations at once. The old Board of directors is composed of the following gentlemen:

James West, president; R. A. Rogers, secretary; F. W. Dabney, treasurer; Ira L. Smith, A. W. Wood, Geo. D. Dalton, Judge W. P. Winfree, John T. Elmonds, Dr. C. H. Tandy, John Stites, Col. E. B. Bassett, M. C. Forbes.

At the meeting Thursday night a resolution was adopted asking the Board of Directors to hold a meeting and admit the young men into the Association. If this is done, and there is no doubt about the request being gladly complied with, then a move will be made towards raising funds and securing new member in the nature of a whirlwind campaign.

What will be done toward granting another lease of the building to the City Water Co. and the Public Service Co., who now have their offices in the building, will be an after consideration.

MAYOR OF PADUCAH

Establishes Employment Bureau of Labor.

Mayor Hazelip has established an employment bureau at Paducah and placed the chief of police in charge. The object is to enable the citizens to secure help in cleaning up since the river has receded to its normal condition. There is plenty of work in Paducah now and the hobos will steer clear of that place.

There is a report that all attempts to drain Swallow Spring have been abandoned, as after drilling a hole to let the water pass out, a new flow of water was turned in and there is more water than ever.

Paducah Not Pleased.

The schedule adopted at the Kitty League meeting in Henderson does not meet with the indorsement of the Paducah fans or association. The season does not open in this city and the schedule does not give the Fourth of July games to Paducah. The receipts of the opening day and holiday games are pooled, and as Paducah is the largest city in the league the magnates stood in their own light, says a dispatch, when they failed to give Paducah an opening day game and the Fourth of July games. The schedule gives Paducah games on Labor Day and Decoration Day. The latter day is not recognized, and as the pennant race is generally decided before Labor Day there is no interest in the latter game. Efforts will be made to have the schedule altered so as to give Paducah games on the opening day and the Fourth of July.

POPE ON HIS

Physician's Frankly Announces That His Condition Is Hopeless.

MAY POSSIBLY RALLY AGAIN

But Death Is Liable To Come To Him At Any Moment.

Rome, April 18.—The Italian government, desiring to be adequately sure of the real condition of Pius, summoned those directly responsible for the care of his health. The pope's physicians replied to the appeal for a direct statement with the frank declaration that it was extremely difficult to say that the pontiff's constitution would overcome the present crisis. But even if it does, it was explained, the remainder of the pontiff's days would still be considered precarious and that the end might be expected any time.

What We Pay and What We Get

What we pay for an article today
does not indicate its real value. Many
articles sold at the store cost us just
double the manufacturer's price or
real value or the article. By the
Larkin "Factory-to-Family" method
of dealing you can get your Soaps,
Toilet Articles, Sewing Sundries and
household supplies at their real value.
While the Larkin Co. charges
the same prices that you would pay
at the store, it gives you \$2.00 worth
of its products for every dollar you
spend with them, the extra dollar's
worth representing the saving you
make by dealing with them. In this
way you get your household supplies
at their real value instead of with a
whole lot of extra profits tacked on.
The Larkin Co. would be glad to in-
form you or anyone else about this
easy way to save money. Write a
postal to them today, requesting
them to send you a copy of
their large catalog R 101. Simp y

Former Governor's Daughter.

Mrs. Evelyn Brown Young, of
Louisville, daughter of the late Gov.
John Young Brown, was presented
to Secretary of Labor W. B. Wilson
by Senator James and Representa-

cant for appointment as First Assis-
tant Chief of the Children's Bureau.
The interview obtained is reported
to have been very satisfactory.

Fruit Whip.

Separate the yolk and white of one
egg. Beat the yolk till thick, add half
a cupful of milk, one tablespoonful
of sugar and a speck of salt. Cook till
creamy. Flavor and set aside to get
cold. Beat the white of the egg till
stiff. Fold in carefully from two to
four tablespoonfuls of fruit pulp, a few
drops of lemon juice and two table-
spoonfuls of sugar. Fresh or canned
fruit will do, but it must be pressed
through a sieve. Apricots or prunes
are especially good. The whip should
be made just before serving. Put
some of the custard around the whip.

Snow Pudding.

Snow is an excellent substitute for
eggs either in puddings or pancakes.
Two large spoonfuls will supply the
place of one egg, and the article it is
used in will be equally good. This is
useful, as snow often falls at the
season when eggs are the highest in
price. The snow may be taken up
from any clean spot before it is want-
ed, and will not lose its virtue, though
the sooner it is used the better. The
yolks and whites of eggs beaten long
and separately make the article they
are put into much lighter.

Roast Duck.

Prepare your duck for roasting the
same as any poultry and stuff with
this kind of stuffing: Two good-sized
chopped onions, two cups mashed po-
tatoes, one cup bread crumbs, salt,
pepper and powdered sage to taste.
Sometimes I add an egg, but you can
omit it if you wish. Another way is
to stuff entirely with small onions
(nothing else). Bake about an hour
for an ordinary-sized duck.

Pennsylvania Cheese Pie.

Mash crust and bake as for custard
pie. Make custard of milk, two eggs,
one cup sugar. Fill baked crust with
hot custard. Before returning to oven
sprinkle half cup grated cheese over
custard and bake until set. Cover
with beaten whites of two eggs and
two tablespoons sugar. Return to
oven and brown.

Grease the Saucepan.

Grease with butter the saucepan in
which rice is cooked and the rice will
not stick to the sides and bottom.

WILL SELL TIMBER

Uncle Sam to Dispose of 267,
000,000 Feet in Idaho.

Homesteaders Can Locate Claims on
18,240 Acres in the Kaniksu For-
est—Land to go to Settlers—
Fix Minimum Rates.

Washington.—Fears that 267,000,000
board feet of timber in the Priest river
valley of the Kaniksu national forest
of Idaho may fall into the hands of
speculators have led the United States
department of agriculture to turn tim-
ber salesmen. Announcement that
this timber is to be sold before the
land is reported in a pamphlet recent-
ly issued by the government. The
pamphlet says that the government
takes this method of thwarting lum-
ber speculators who might wish to
hold the land for their own purposes,
thereby holding back the agricultural
development of that territory.

Fully 18,240 acres are to be denuded
of timber under government super-
vision. After the area has been cleared
and the slash burned the land will be
opened to homesteading under the pro-
visions of the homestead law. The de-
partment of agriculture makes the fol-
lowing explanation:

"If the forest service did not sell off
the timber before opening the land to
entry the value of the present stand
of timber would cause the land to be
held speculatively, instead of being
cleared for farms. But the land will
be better employed in growing farm
crops than in growing timber, hence
the forest service is preparing to put
it into the hands of bona fide settlers
under a procedure which will insure
agricultural development."

The federal government expects to
receive about \$650,000 for the timber.

David F. Houston, Secretary of Agri-
culture.

of which \$225,000 will go to the ben-
efit of the state for public schools and
road improvement. Bids are to be in
the office of the district forester at
Missoula, Mont., by April 1, 1913, to-
gether with a description of the means
the company proposes to use for log-
ging and development.

A detailed statement of require-
ments issued by the government sets
forth that the minimum rates will be
readjusted by the forester on May 1,
1917 and 1920. The forest consists of
white pine, larch, cedar, Douglas fir.
More than one-half of the timber is
white pine and one-fourth is larch.

The government makes the follow-
ing statement regarding the prices to
be charged lumbermen:

"The minimum prices allow a profit
of 12 per cent. on every thousand feet
of timber sold over and above interest
on capital and the overhead costs. It
will be remembered that the manufac-
ture of lumber is a business which,
because of the risks involved, requires
a high return in order to induce op-
erators to undertake a logging enter-
prise."

HIS VIEWPOINT.

Representative "Johnnie" Koenig
of Baltimore, Md., was a bricklayer be-
fore he decided to enter politics and
came to congress. He has fought his
way up literally with his two hands,
and he has little patience with the ex-
aggerated niceties that are the pleas-
ures of those fortunate men who do
not have to work.

In this class of undesirable niceties
Koenig puts golf. He is the most
ardent of baseball rooters, but the
Scotch game he holds in utter con-
tempt.

A friend of his, who is an ardent
golfer, was recently trying to convert
him over to the links.

"Come out with me to the club some
day," he urged, "and I'll show you
where you're wrong. I'll show you
that golf is the greatest game there
is."

"Huh!" snorted Koenig. "No you
won't. I know about that golf—or,
rather, that dude shinny—already. It
ain't a game at all. It's nothing but a
poor excuse for a long walk!"

A New Essay On Man.

A precocious little girl at Colum-

say, "Men are what women marry.
They drink and smoke and swear,
but they don't go to church. Per-
haps if they wore bonnets they
would. They are more logical than
women and also more zoological.
Both men and women sprung from

farther than men." Yes, a pre-
cocious little girl may have written the
foregoing, but it sounds a bit too
sharp. In all events, some pre-
cocious married lady with a large ex-
perience undoubtedly edited it—

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the price of a Weekly.

No Other Newspaper in the World Gives So Much at So Low a Price.

This is a time of great events and you will want the news accurately and promptly. The Democrats, for the first time in sixteen years, will have the Presidency and they will have the Presidency and they will also control both branches of Congress. The political news is sure to be of the most absorbing interest.

There is a great war in the Old World, and you may read of the extinction of the vast Turkish Empire in Europe, just as a few years ago you read how Spain lost her last foot of soil in America, after having ruled the empire of half the New World.

The World long since established a record for impartiality, and anybody can afford its Thrice-a-Week edition, which comes every other day in the week, except Sunday. It will be of particular value to you now. The Thrice-a-Week World also abounds in other strong features, serial stories, humor, markets, cartoons; in fact, everything that is to be found in a first class daily.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

A Strange Story.

Argyle, Mich.—Mrs. Wm. H. Carson, in a letter from Argyle, says: "I was almost wild with pain in my head, and other severe pains, due to womanly troubles. Cardui gave me great relief at once. Further use of Cardui raised me from my bed of agony. Cardui saved my life, and I can't be thankful enough for what it did for me." Whether seriously sick, or simply ailing, take Cardui, the woman's tonic. As a general tonic for women, to improve the appetite and build up the constitution, Cardui is in a class by itself. Those who have used it say it does the work, it relieves, it cures. Try it. Your druggist has it.

Chickens Lack Originality.
Abby, the littlest girl of the family, was seated at the breakfast table one morning. As usual, eggs were served. Either she was not hungry or she had grown tired of the inevitable bill of fare, for very earnestly and soberly she remarked: "I do wish hens would lay something besides eggs."

ARE NOT SLAVES OF FASHION

In China a Man Can Dress as He Pleases Without Attracting Attention.

The fashions in Suchien, Kiangsu province, have a variety of such extent that every man can dress according to his individual choice and still be in correct taste and without attracting special attention from anybody else.

In other words, the styles this year are of personal ideals, according to a correspondent of the British China Daily Herald.

He says that every man wears what is right in his own eyes, and there are few if any, to ridicule. A Panama hat goes jauntily down the street, closely followed by a fur-covered brim hat; felt hats of scarlet and verdigris green come along with grays and browns that do the latter credit for unique invention. These, with the Eskimo top capes, a few derby hats and the smart military uniforms, give the streets a piquancy which was unknown in the monotonous china blue of former years.

Among the notices posted on the city gate is a fashion plate that has been exhibited for weeks. It displays two or three of the typical "western suits"—the swallow-tailed and the low-front frock for evening wear—street garb of European and American style, and many other varieties. There one also finds the plaited skirts recommended for the women, and close by them is the proud silk or stovepipe hat of felt, which has its special corner with other headgear.

STRIKE WON IN 20 MINUTES

Union Is Formed and Disbanded Within Short Time After Cause Is Won.

A story comes from Sydney of a union that was formed, strike declared and won, the union dissolved, all inside of 20 minutes.

The strike was of theater-goers. In Mt. Gambier, in South Australia, and was against the management of a barn-storming troupe.

The management asked two shillings for admission to the show, but the prospective audience refused to pay more than one shilling, and after a hasty consultation outside the theater formed a theater-goers' union.

Pickets were stationed and within a few minutes 278 persons—practically all who were there—had agreed not to pay the two shillings.

The manager appeared at the doorway and refused to make the required reduction.

"I'll give you till I count 20," said the president of the union, "and after that our price will be sixpence instead of one shilling." He counted slowly to nine, when the manager capitulated.

The strike was declared at an end, the union dissolved and the strikers trooped into the hall.—New York Tribune.

Still Willing to Be Imposed Upon.
He had youth and much faith and inexperience, but his good father took him into his office to initiate him into the mysteries of business.

The second day he was at work a man came in asking for financial aid, with a pathetic story about a sick wife at home and six helplessly small children without a crust in the house.

The boy listened earnestly and then went into his dad's office to intercede for the unfortunate man. He told the sad story seriously. The father leaned forward and peered into the outer office at the vagrant.

"My son, credulity is one of those good things that die young—and it is such impostors as that man who make it so," he said impatiently. "Why, when that man was here last week he had eight children, according to his story."

"But, father, don't you see," replied the son tragically. "The other two probably died of starvation."

Renewing Mahogany.

Many pieces of fine furniture now stored in garrets would be in use if cleaned and made presentable. This may be done by removing the varnish with a sharp chisel an inch or more wide, lapping it on a fourth of an inch each time, and scraping down the wood. Uneven places should be softened with wood alcohol and scraped with a putty knife. Finish with a cloth wet in alcohol smooth the surface with sandpaper and finish with coach or waterproof varnish. Where varnish has turned white wet with alcohol without rubbing.

Enough to Make Him Sick.

He came creeping in at the usual hour when a man finds it convenient to enter his house with as little commotion as possible. He replied, in response to the usual wifely query put to the gentlemen who arrive home at that hour of the night, that he had been sitting up with a sick friend.

"A sick friend, indeed! And what ailed him?"

"Why, he lost twenty dollars."—Stray Stories.

Tea Reveals Oil Field.

The discoverer of oil in Papua, British New Guinea, was the result of a native boy being whipped for placing kerosene in a miner's tea. The youth declared his innocence and led the miner to the well from which the water had been taken.

It was found that the surface of the water was completely covered with kerosene, the source of which is being developed into a huge commercial enterprise.

THREE THINGS YOU NEED...

"Kentuckian"

A viable, new newspaper with the interest of the entire community at heart. Issues of the day are handled without fear or favor. You will find in this paper an up-to-date department for each member of the family. Clean, honest, straightforward—it is a paper you really should not be without.

Technical World Magazine

is the one magazine that not only entertains in a fascinating manner, but which also instructs. It is the magazine for the busy business man, or for the person who wants to fill away a summer's afternoon, and be agreeably informed at the same time. It is profusely illustrated, and tells in a simple and interesting way of the discoveries of scientists, the achievements of inventors, the feats of engineers and explorers, and the opening of every new field of human endeavor. What Jack London says:—"I have just chanced upon my first copy of TECHNICAL WORLD MAGAZINE. There isn't anything like it. I want more, and I cannot wait for them to come, so I am sending you herewith check for which please enter my subscription and send me the last two years' back numbers."

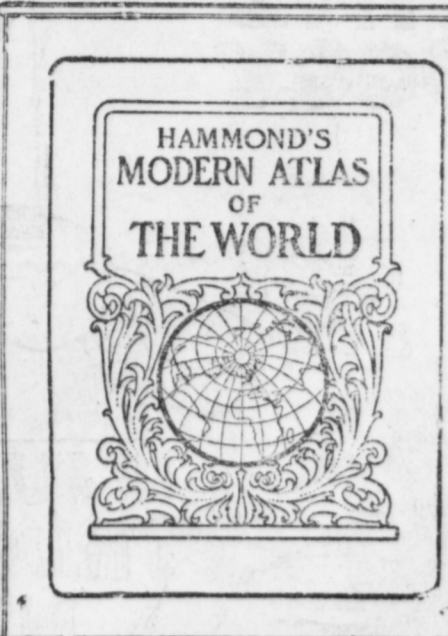

A Fine Atlas

This one is just off the presses. This is the year to obtain a new atlas. The 1910 Census has just been completed, this atlas contains an official figure, 123 pages of 3 color maps brought right down to date—every map giving the results of the most recent surveys. All railroads are shown and colored and maps of all large cities are included. There are 21 double page maps showing in detail portions of the U. S. and Canada. Dimensions 10 1/2 x 16 1/2. Bound in stiff linen—Silver Leaf Title—100 or heavy plate paper. Sells separately for \$3.00. A splendid gift.

ALL THREE
Only \$3.80

Special arrangement with Technical World Magazine and the publishers of the atlas make this offer possible. But it is very strictly limited. You must act quickly.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Telephone Ouster Suit.

Paducah, Ky., April 18—Attorney James Campbell, Jr., left for Washington, where the appealed suit of the city of Paducah against the East Tennessee Telephone & Telegraph Company will be called in the United States Supreme Court today. The city is attempting to oust the telephone company, contending that it is operating without a franchise, while the defendant claims it has a grant from the Legislature. The city of Paducah lost in the lower courts. Attorney Campbell represents the city.

Byllesby Merger.

Louisville, Ky., April 18.—The injunction suit against the merger of the gas and electric utilities of Louisville by H. M. Byllesby & Co. will be heard by the court of appeals May 6 or 7 on motion by the defendant to dissolve the injunction granted by Judge Kirby. The attorneys interested went before the court and had the time fixed for the whole court to sit. This will be the final step in the case.

To Vote On Pide.

Fulaski, Tenn., April 18.—An election will be held here on April 24 to determine whether or not there shall be an anti-cow ordinance passed by the Board of Aldermen. There is a strong sentiment on both sides, but in an election of the same kind a few years ago the anti won by a large majority.

Mrs. A. W. Pyle went to Nashville yesterday to visit her sister Mrs. G. S. Bowles.

Persica Floribunda.

Mr. Richard Leavel has in his yard in the country a tree very much resembling an ordinary peach tree, the botanical name of which is Persica Floribunda, or flowering peach. It is covered with a great profusion of double rose colored blossoms larger than a Rambler rose. Some varieties of this tree have a kind of red fruit, not edible, and others have no fruit. The tree grows as large as a peach tree and the foliage is identical.

Adopted Child.

Lola Williams, the infant daughter of H. W. Williams, has been adopted by L. D. Burkholder and his wife, Mrs. Z. E. Burkholder, all of Crofton, and the child has been made their heir at law. A petition was presented to the county court Thursday and Judge Knight made an order delegating to Mr. Burkholder the parental control of the child, whose mother is dead.

Square Peas.

While Luther Burbank is experimenting with the square pea and other vegetables to make their use more convenient as well as more pleasant, he would render a lasting service to the small boys of the land by getting up some system whereby the pain can be extracted from the green apple.—Cadiz Record.

Card of Thanks.

Before leaving for my new home in Cartersville, Ill., I take this method of thanking the many friends of Highland Chapel for their many deeds of kindness shown my husband during his illness, also for the kindness and sympathy to myself and children since his death. May God bless all who have befriended us.

MRS. J. B. EVERETT.

Output Doubled.

Washington, April 18.—More than five million parcel post stamps, the face value of which exceeds \$25,000,000 have been supplied to post offices of the country since the establishment of the system. Parcel post business is increasing so rapidly that it has been found necessary to double the daily output of stamps. The largest single order filled this month was \$360,000 for New York City.

Secures Big Contract.

J. A. Barbee of this place, a brick contractor, has secured the contract to do the brick work on a new building to be erected at Elkton by the Todd County Hardware Company. Mr. Barbee's contract calls for 100,000 brick, and his friends here congratulate him upon his success in securing a job of such immense proportions.—Guthrie Journal.

Fifth Grandchild.

Washington, April 18—Secretary Bryan is receiving congratulations today on the birth of his fifth grandchild, Reginald Bryan Owen, at Elphan Kent, Eng. The child is a son of Lieut. Reginald Owen of the Royal Engineers, and Mrs. Owen, formerly Ruth Bryan.

Call Mt. Sterling Pastor.

Morganfield, Ky., April 18.—The Rev. G. S. Kennard, of Mt. Sterling, has been called to the pastorate of the local Baptist church. This is a recently completed building, large and beautiful, and having all modern church equipments.

Down On Fertilizers.

J. W. Newman, Kentucky Commissioner of Agriculture, declared at the Southern Educational Conference that any farmer who depended on the commercial fertilizer would land in the poorhouse.

WOMAN'S ILLS DISAPPEARED

Like Magic after taking Lydia E. Pinkham's Vegetable Compound.

North Bangor, N. Y.—"As I have used Lydia E. Pinkham's Vegetable Compound with great benefit I feel it my duty to write and tell you about it. I was ailing from female weakness and had headache and backache nearly all the time. I was later every month than I should have been and so sick that I had to go to bed."

"Lydia E. Pinkham's Vegetable Compound has made me well and these troubles have disappeared like magic. I have recommended the Compound to many women who have used it successfully."—Mrs. JAMES J. STACY, R. F. D. No. 3, North Bangor, N. Y.

Another Made Well.

Ann Arbor, Mich.—"Lydia E. Pinkham's Vegetable Compound has done wonders for me. For years I suffered terribly with hemorrhages and had pains so intense that sometimes I would faint away. I had female weakness so bad that I had to doctor all the time and never found relief until I took your remedies to please my husband. I recommend your wonderful medicine to all sufferers as I think it is a blessing for all women."—Mrs. L. E. WYCKOFF, 112 S. Ashley St., Ann Arbor, Mich.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

Cousin of President.

Joseph L. Kennedy, of Burnside, Ky., a cousin of President Wilson, was appointed a national bank examiner.

LOWER FREIGHT RATES DENIED

Application of the L. & N.
Turned Down By Interstate
Commission.

Washington, D. C., April 17.—Lower freight rates to Nashville on grain products has been denied by the Interstate Commerce Commission. This action was taken up on the application of the Louisville & Nashville Railroad to be permitted to establish proportional rates from Louisville to Nashville and West Nashville on products of grain which have been milled in transit at Louisville from grain originating in shrinkage territory on a basis of 2 cents per hundred pounds less than the flat rates as published from the Kentucky point to Nashville without observing the long and short haul clause of the commerce act.

FIRE ALARM

Department Made Quick Run
But Did Not Turn Water On.

At 9:45 yesterday morning the fire department was called to North Campbell and Second street. A one-story 4-room cottage belonging to a colored man was found to be on fire. Buckets of water were sufficient to extinguish the flames without attaching the hose. The loss was small, not exceeding \$10 or \$15. A defective flue was the cause of the fire.

MRS. BACON STRICKEN

Aged Lady Suffers Stroke of
Paralysis.

Mrs. Aleyon Bacon, widow of the late Philip Bacon, was stricken with paralysis Thursday morning at the home of Mr. Thos. W. Morris, no West 17th street, and her condition is quite serious. Mrs. Bacon is 92 years old and it is feared that, on account of her advanced age, she will not survive the stroke. She was stricken just as she was arising from her bed and the whole of her left side is affected.

Takes Father's Place.

Albany, N. Y., April 18.—J. Pierpont Morgan, Jr., was elected director of the New York Central Railroad company, to fill the vacancy caused by the death of his father, J. Pierpont Morgan, at the annual meeting of the stockholders here. The other directors were re-elected.

FOUND DEAD

Joe Gant, Col., Expired Suddenly
Thursday Morning.

The dead body of Joe Gant, a colored laborer, was found near the eastern city limits Thursday morning. The Coroner, who made an examination of the body, decided that death was due to natural causes. Gant was employed at a rock quarry and went to his work as usual Thursday morning. He complained of feeling unwell and left the quarry, intending to return home. He was troubled with indigestion and it is thought that he was stricken with an acute attack and fell dead. Gant was about 50 years old and leaves a family. He lived at No. 609 East Fourth street.

MRS. R. A. MORRIS

Died Thursday Night, Burial
This Morning.

Mrs. Mary E. Morris, wife of R. A. Morris, passed away Thursday night at 11:35 in the 71st year of her life. The funeral services will be held at the residence on O'Neil avenue at 10 o'clock this morning. Burial in Riverside cemetery. Mrs. Morris is survived by her husband and eleven children. She was ill about a month before her death, caused by kidney affection and other ills peculiar to old age.

Purely Personal.

MORE money ahead or
more clothes on hand
is what Clothcraft Clothes
at \$10 to \$25 mean to you.

Either way it's a big saving that you can put in the bank or in more Clothcraft Clothes.

In the latter case, it's both a saving and a good investment. There's a big advantage in having more than one suit. Frequent change of clothes, having one suit pressed while wearing the other is a plan that will give you more satisfaction and service from your clothes and a reputation for being always well dressed.

Let us show you a Clothcraft combination—preferably a light and a dark suit—that will afford you pleasing variety and freshness in your dress.

The cost of both suits at Clothcraft prices will not be greater than men often pay for one suit no better. Our special Clothcraft values at \$15, \$18 and \$20 offer some splendid suggestions along this line.

No. 5130—\$15, the Blue Serge Suit you have seen advertised, is ready for you to wear.

SPECIAL TO WOMEN

Do you realize the fact that thousands of
women are now using

Paxtine

A Soluble Antiseptic Powder

as a remedy for mucous membrane af-
fections, such as sore throat, nasal or
pelvic catarrh, inflammation or ulcer-
ation, caused by female ills? Women who
have been cured say "it is worth its
weight in gold." Dissolve in water and
apply locally. For ten years the Lydia
E. Pinkham Medicine Co. has recom-
mended Paxtine in their private cor-
respondence with women.

For all hygienic and toilet uses it has
no equal. Only 50c. a large box at Drug-
gists or sent postpaid on receipt of price.

Worth Weight in Gold.

Abingdon, Va.—Mrs. Jennie Mc-
Call, of this place, says, I had been
troubled with female complaints,
for over ten years. I could not walk
or stand on my feet, and had been
almost confined to the house, for a
long time. I began to take Cardui,
the woman's tonic, and now I can
walk anywhere I want to go. Car-
dui is worth its weight in gold." This
is a high estimate on a plain,
herb medicine, yet there are thou-
sands of women who would gladly
pay this price for a remedy to re-
lieve their suffering. Cardui has
helped others. Why not you? Try
it. Your druggist sells it, in \$1
bottles.

A Literary Curiosity.

Sator arepo tenet opera rotas.
This is curious because it spells
the same words backward as for-

spells the second word and so on.
The last letters read backward
spell the last word; and the next to

There are also as many letters in
each word as there are words in the

MARKS OF GENIUS.

Representative Brantley of Georgia
likes a good story, and tells the fol-
lowing one on Carter Glass of Vir-
ginia:
"Soon after I was elected to con-
gress I was seated beside an old mem-
ber, and he was pointing out the
celebrities in the house to me.
"See that man over there," he said,
pointing to Carter Glass. "Well, he is
one of the smartest men in the house."
"What has he done remarkable to
prove it?" I asked.
"Look at him," said my friend.
"I am looking at him," I replied,
"but his record is not recorded in his
face, and I am no mind reader."
"You are not as smart as I thought
you, if you see it that way," he replied.
"See how ugly he is? Do you mean to
tell me that you think a man so
homely could have been elected to con-
gress unless he possessed transcendent
ability? He must have been wonder-
fully smart to do it!"
And, it is said, Mr. Glass enjoys the
joke on himself as much as Mr. Brant-
ley does in telling it.

ANCIENT BONE FOUND.

The discovery of the bone of a
camel on the banks of the Old Crow
river, in Alaska, has led scientists to
the conclusion that at the same time
that the part of the continent of North
America now occupied by the United
States was too cold for human habita-
tion, the Alaskan peninsula had al-
most a tropical climate. This is ac-
cording to J. W. Gidley, who lectured
the other night before the Biological
society of Washington at the Cosmos
club.

The camel bone was found last year
by Copley Amory of the National mu-
seum, and Mr. Gidley argued that its
presence in Alaska showed a tropical
climate and showed further that at the
time the bones were laid down—be-
tween 150,000 and 200,000 years ago—
Alaska and Asia were connected by a
land bridge across which the camels
had journeyed from the American con-
tinent to Asia, where they now are
found.

NAVY HAS OXYGEN HELMETS.

The navy department has ordered a
small number of oxygen helmets to be
supplied to the submarines and to all
of the battleships which use crude oil
as fuel. In the case of the submarines
it is believed the helmets may be ef-
ficacious when poisonous gases are ac-
cidentally generated within the hulls,
as happened to one of the submarines
two years ago with disastrous results.

The great oil tanks in the battle-
ships have been found to contain dead-
ly oil fumes after they have been
emptied of their contents and it is in-
tended that the helmets shall serve as
protection to the mechanics who are
obliged to enter these tanks and com-
partments. Their use also is contem-
plated in the rescue of firemen or boiler
tenders overcome by bursting steam
pipes.

POTATO PEELERS DEFECTIVE.

Unless some of the wizards who are
improving upon nature can turn out a
spherical potato the navy must find a
better potato peeling machine than the
electric device now in use. The other
day the department sent out an appeal
to inventors to submit a device that
will economically pare potatoes of ir-
regular form. The official statement
declares that "it seems that the present
machines do a most effective and
acceptable job on a perfectly sound
potato, but when the 'murfy' arrives
long and slender or sawed off and
hammered down the trouble begins."

SPEAKS WELSH.

Representative David J. Lewis of
Maryland used to work in a coal mine,
and is a fluent talker in the Welsh
language.

Had Fierce Fight With Bear.

Attacked by a bear in the jungle,
a government collector named Whitty
had an exciting experience at Kowa
Kole, near Gaya, India, the other day.
Whitty was on a shooting excursion
during his tour in the Nawadan sub-
division and shot at the bear, which
he badly wounded. The bear then
attacked Whitty, whose rifle was
empty. In trying to get away he slipped
and fell, and his rifle falling on a
rock was smashed. The animal rushed
at him and began clawing his legs
and feet which were well protected
by thick breeches and heavy boots.
Whitty kicked out at it and caught it
in the nose. It then for the time be-
ing turned off into the jungle, only to
return to make a second attack on
him. Seeing the bear coming back
again the man obtained another gun
from his native attendant who was a
short distance away and shot the bear
in the head.

banks open all night t' commodate
them as lose their money early in th'
even', I s'pose; an' lawyers' offices
open at three o'clock in th' mornin'—
t' fix up them as are in a hurry fer
divorce an' can't wait till daylight;
an' what else do you think?"
"What else? Well, I wouldn't be
s'prised t' hear of anything!"
"An' I saw a fun'ral goin' Hickey
split, with an automobile hearse lead-
in th' procession an' settin' the pace!"
"Wall, Si, I s'pose they have t' git
th' dead ones out o' th' way in a hurry
t' give th' live ones room, eh?"
Judge.

TRIBUTARY COUNTIES DELIVER

Second Best Week in Offerings
and Sales This Season.

The transactions and offerings on the local market this week stand second to any week of this season. The deliveries have also been very heavy for this time of the year. The tributary counties are still sending in large crops, some of them being hauled a distance of 50 miles, while others came from 25 to 40 miles away.

There was a marked improvement in quality as well as a most decided advance in prices on better grades. The offerings were quite free as farmers are anxious to unload their last year's crops and get to all round work on the farm for pitching their crops of every kind for this year. Tobacco plants are said to be plentiful and looking unusually well.

Below is the official report of Inspector Abernathy for the week:
Unsold stock Jan. 1, 1913, 1125 Hhds.
Receipts for week.....86 Hhds.
Receipts for year.....1051 Hhds.
Sales for week.....10 Hhds.

Bob Taylor Lives,

In the two bright and beautiful books just issued, "Lectures and Best Literary Productions," and "Life and Career" of Senator Robert Love Taylor, handsomely illustrated, you cannot hear again his voice or see the humorous curl of his lips, that convulsed a continent with laughter, but, within the covers of these volumes, are the pictures woven of his wondrous words, and, laughing through their sunny pages, are all of the inimitable stories which he told to the multitudes. In "Life and Career," pens of genius have traced his romantic life from its morning in "Happy Valley," through his young and roseate dreams, through stress and storm, through cheering throngs, and on into the waiting shadows, loved and laurel crowned.

We expect to sell millions of these books. First edition going fast.

TANNER-COHEN

Hopkinsville Man Gets Bride in Philadelphia.

Benjamin Tanner, son of E. Tanner of this city, and Miss Henrietta Cohen, daughter of Mr. and Mrs. Louis Cohen, of Philadelphia, Pa., were married at the home of the bride Tuesday. The young people are now on a bridal tour and will be at home, 1725 North Paxon street Philadelphia, after May 1.

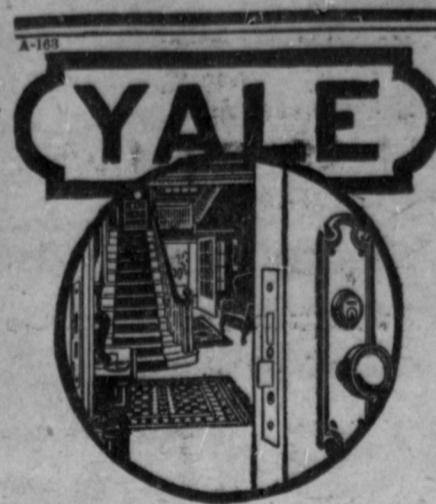

The bride has many friend and acquaintances in this city, she having spent some time here last summer. Mr. Tanner has a position as traveling salesman. The young people are cousins.

Fired For Hazing.

Washington, April 17.—With the announcement of his approval of the sentence of the court which dismissed Midshipman James C. Cook from the Naval Academy for hazing Midshipman Lodge, of Michigan, Secretary Daniels sent a letter to every midshipman at Annapolis, warning him that hereafter no leniency would be shown hazers who in addition to being dismissed, would receive the additional penalty of imprisonment as provided by law.

Still Rampant.

Suffragettes Tuesday morning burned the country residence of Arthur Phillip D. Cros, a member of Parliament, at Hastings, England.
